

FROM THE PRINCIPAL

Dear Parents and Community Members,

This report card issued by the Oregon Department of Education is an overview of what Sage Elementary offers to students. Last year, students in 3rd - 5th grade took Smarter Balanced Assessment for the first time in reading and math. Fifth grade Sage students were also assessed by taking the OAKS Science Assessment. Sage was not given an overview rating for the 2014 - 15 school year. However, student progress and outcomes were rated and compared to other schools in Oregon.

Key Academic Highlights:

- In reading Sage's students' scores are equal to the state of Oregon average.
- In math Sage's students' scores are slightly above the state of Oregon average.

· In Science, Sage's students' score are 7% higher than the state of Oregon average.

The scores from Smarter Balanced Assessment for the 2014-15 school year will give Sage valuable data to create, plan and implement high quality instruction for each student in the areas of English Language Arts, Math, and Science. We will deliver the same excellence you have come to expect from Sage Elementary.

You can help by monitoring your child's homework and attending parent -teacher conferences. In grades 3--5, you can view assignments and grades using ParentVUE online at www.redmond.k12.or.us. We look forward to teaming together with you to make success possible for all students!

Thank you,

Principal | Carolyn Espinosa

OVERALL SCHOOL RATING HOW ARE STUDENTS AT THIS SCHOOL PERFORMING COMPARED TO THOSE AT OTHER SCHOOLS?

The overall school rating is intended to summarize this school's particular successes and challenges. It is based on a combination of up to five factors. Three of these factors come from standardized test scores in reading and math: student achievement, student growth, and the growth of underserved subgroups. Please note that this rating is based mainly on high-stakes testing and, accordingly, doesn't represent a complete view of your school's performance. Other aspects of this report card are designed to put this rating in the proper context.

The U. S. Department of Education has given the State of Oregon approval to temporarily suspend the assignment of school ratings during the transition from the Oregon Assessment of Knowledge and Skills (OAKS) to the new college and career readiness assessments. Schools will not receive an overall school rating on this report card and will receive a new overall school rating on the 2015-16 school report cards.

SCHOOL PERFORMANCE

Performance of students enrolled in the school for a full academic year

Did at least 95% of the students at this school take required assessments? Yes No, Interpret Results with Caution
Participation rate criteria are in place to ensure schools test all eligible students.

The Smarter Balanced and alternate assessments have four performance levels where levels 3 and 4 are meeting the standard for school and district accountability.
