

FROM THE PRINCIPAL

Dear Parents and Community Members,

This annual report card is issued by the Oregon Department of Education. It provides a detailed picture of what Redmond High School offers to our students. The report card also details progress on state tests and what outcomes students are achieving at RHS. This was the first year of the new Smarter Balanced test. It's important to remember that this is a transition year as our students and teachers adapt to the new standards and higher expectations. Scores on this report card represent a new baseline for our students. It is also important to remember that scores on state assessments do not capture all of the progress that a child makes in their academic career. However, these scores help our students, their teachers, and you understand more about our strengths and areas for improvement so learning gaps can be addressed. We will continue our persistence to help ensure that all Redmond High School students continue to leave RHS college and career ready.
RHS Student Progress Towards Graduation:

- Our freshmen on track to graduate within 4 years increased to 91.9%, beating the state average of 79.9%
- Our 4 year graduation rate increased 16.3%.

- The rate of students completing their education within 5 years was 90.7%, beating the state average of 82.1%.
- Students identified as Economically Disadvantaged, an English Language Learner, a Student with a Disability or a Migrant student; all exceed the state average for students who are on track to graduate within 4 years.
- All student groups with data provided by the state (American Indian/Alaska Native; Hispanic/Latino; and White) exceed the state average for on track to graduate within 4 years.
- Female students at RHS are more likely than other females in the state to be on track to graduate (88.8% vs. 83.5%). Male students who attend RHS are also more likely than other males in the state to be on track to graduate (94.6% vs. 76.4%).

We hope to see you at parent teacher conferences and welcome you to stay in close contact with your student's teachers. You can view your student's assignments and grades any time through ParentVUE online at www.redmond.k12.or.us. We look forward to partnering with you to make sure all of our students reach their potential!

Thank you,

Principal | Tony Pupo

STUDENTS

OVERALL SCHOOL RATING HOW ARE STUDENTS AT THIS SCHOOL PERFORMING COMPARED TO THOSE AT OTHER SCHOOLS?

The overall school rating is intended to summarize this school's particular successes and challenges. It is based on a combination of up to five factors. Three of these factors come from standardized test scores in reading and math: student achievement, student growth, and the growth of underserved subgroups. Please note that this rating is based mainly on high-stakes testing and, accordingly, doesn't represent a complete view of your school's performance. Other aspects of this report card are designed to put this rating in the proper context.

The U. S. Department of Education has given the State of Oregon approval to temporarily suspend the assignment of school ratings during the transition from the Oregon Assessment of Knowledge and Skills (OAKS) to the new college and career readiness assessments. Schools will not receive an overall school rating on this report card and will receive a new overall school rating on the 2015-16 school report cards.

SCHOOL PERFORMANCE

Performance of students enrolled in the school for a full academic year

Did at least 95% of the students at this school take required assessments? Yes No, Interpret Results with Caution
Participation rate criteria are in place to ensure schools test all eligible students.

The Smarter Balanced and alternate assessments have four performance levels where levels 3 and 4 are meeting the standard for school and district accountability.
