

## SECTION 2: Parent/Guardian Information

Redmond School District uses an automated phone messaging system ("Autodialer") for contacting parents/guardians concerning student attendance, emergency/snow closures and miscellaneous school communications. In the check boxes below, indicate which phones you would like to receive messages from your student's school. You may select as many phones as you want, but at least one phone must be selected per family. For cell phones, if you would like to receive text messages from the Autodialer in addition to voice messages, check "Send text messages".

If parents are legally separated or divorced, each parent has equal rights to the custody of the child UNLESS a parent has a court order that indicates which parent has sole custody of the child. The school **MUST HAVE A COPY OF THE COURT ORDER**, otherwise either parent may check the child out of school with proper identification. It is the custodial parent's responsibility to notify the school of the individuals legally authorized to receive school correspondence. To discontinue correspondence with any parent, a legal court order is required.

### SECTION 7: Annual Notices

For annual notices on Student Records, the Protection of Student Rights, Military Recruiting and Complaint Procedures see the *Student Rights and Responsibilities Handbook*, available online on the district website.

The Family Educational Rights and Privacy Act (FERPA), a Federal law, requires that Redmond School District, with certain exceptions, obtain your written consent prior to the disclosure of personally identifiable information from your student’s education records. However, the school district may release designated “Directory Information” of a student without prior permission from the student’s parent or guardian (or the student, if 18 years of age or older or emancipated). Directory information is information contained in a student education record which is not generally considered harmful or an invasion of privacy if released for use in local school publications, other media and for such other purposes as deemed appropriate by school administration. It is defined by the district as the student’s name, address, electronic address, picture, major field of study, participation in officially recognized activities and sports, weight and height of athletic team members, dates of enrollment, diplomas or awards received, and the most recent previous school or program attended.

Directory information considered by the district to be detrimental will not be released. In order to protect student privacy, and to prevent unwanted solicitation of students and their families, the district will release either students’ names or students’ addresses. The district will not release names and addresses together, except to law enforcement or other agencies as designated by law.

If you would like to keep your student’s Directory Information confidential, a written request must be submitted to your student's school within 15 days of receipt of this form. Requests to withhold Directory Information must be made annually.

In accordance with the Elementary and Secondary Education Act of 1965 (ESEA), and with the district’s desire to promote higher education, upon written request the district will release students names, telephone numbers, and addresses to recruiters for the United States military and to colleges and other post-secondary educational Institutions, unless parents or eligible students request the district withhold this information.

\_\_\_\_\_ I do not want my student’s name, address, and phone number released to:  Military Recruiters  College Recruiters

\_\_\_\_\_ I understand that the *Student Rights and Responsibilities Handbook* is available at [www.redmond.k12.or.us](http://www.redmond.k12.or.us) and can be printed for me at my request.
